DETAIL No.1
TYPICAL FALL CEILING

This architectural detail drawing illustrates a cross-section of a ceiling system. The ceiling consists of a grid of rectangular panels, some of which are labeled with codes: T2, T3, and T4. Panel T2 is located in the upper left, upper right, middle left, and middle right sections. Panel T3 is in the center-left section. Panel T4 is in the bottom right corner. A vertical column of panels on the far left is labeled with code A. A vertical column of panels on the far right is labeled with code B. At the bottom center, there is a small rectangular component labeled with code 1. At the bottom right, there is a circular component labeled with code 2.
